

What's New

This documentation serves as an introduction to the features and significant changes made for the Ed-Fi ODS / API v2.5.

The v2.5 release is a feature release, with breaking assessment domain changes to the API surface from previous versions. **This release is aligned to the [Ed-Fi Data Standard v2.2](#).**

Audience

This documentation is for technical professionals who work with educational data, including business analysts, database administrators, and software developers.

Prerequisites

The Ed-Fi ODS / API technology is free to license and use. Access to the Ed-Fi repository on GitHub is required to download the Ed-Fi ODS / API technical material. Click [here](#) for more information.
