

API Client Developers' Guide

Previous Version

This is a previous version of Ed-Fi technology. Visit the [Ed-Fi Tech Docs home page](#) for a link to the current version, or the [Ed-Fi Technology Version Index](#) for links to all versions.

This documentation provides essential information for building client applications that interact with an Ed-Fi ODS / API platform. It includes instructions on how to set up and build a client quickly using the Client SDKs for Java and C#.

API Client Developers' Guide Contents
