Ed-Fi Data Exchange Standards Home

March 18, 2024

Please note that the Ed-Fi Alliance is currently re-organizing content the API standards and guidance. Please visit https://github.com/Ed-Fi-Alliance-OSS/Ed-Fi-API-Standards for the latest work in progress.

This documentation is an index of all Ed-Fi data standards and related products. This index generally references currently supported standards, active standard proposals, drafts in field use, and recently deprecated standards.

This page lists specifications for Technical Suite 3, the latest generation of Ed-Fi technology, and Technical Suite 2, which remains active in field use.

The complete listing follows.
